COMPANY DESCRIPTION

Amigos de Iracambi is a non-profit Non-Governmental Organization constituted under Brazilian law in 1999. Its mission is to work with the local community to make that the conservation of the Atlantic Forest more attractive than its destruction.

The NGO supports the activities of Iracambi Research and Conservation Center which conducts research and executes programs and projects directed at ensuring the sustainable use of the Atlantic Forest. One of the research programs seeks to create an alternative and viable method of income generation by identifying, researching and marketing medicinal plants native to the rainforest as well as adding value by creating a line of medicinal products, sustainably produced and fairly traded. Iracambi fully endorses national and international efforts to protect intellectual property rights, national genetic resources and eradicate illegal trafficking in natural species.

PROGRESS IN ACTIVITIES UNDERTAKEN TO PROMOTE UEBT

Through the UEBT membership Associação Amigos de Iracambi is committed to the Ethical BioTrade Principles and Criteria.

Implementation of the commitment to the Ethical BioTrade Principles and Criteria

In 2010, we maintained our commitment to these standards, applying them internally within our organisation.

Activities undertaken to promote UEBT and Ethical BioTrade

We did not carry out any trading or production activities in 2010 that came within the purview of UEBT principles. We did support research done at the Federal University of Viçosa on medicinal plants: this research is still at an early stage but we undertake to ensure that in our dealing with the researchers we will observe UEBT's standards.

Funds invested in Ethical BioTrade Projects

None in 2010.

SERVICES OF UEBT AFFILIATE MEMBERS

One of the objectives of UEBT is that Affiliate Members provide support, technical guidance and advice to UEBT Trading Members in their particular area of expertise.

At this moment, we are not actively engaged in any trading activity, directly or indirectly, either with UEBT members or non-members.

Delivery mechanism

None at this stage.
